

Making changes to meet changing needs.

April 2010

PROJECT UPDATE

PROJECT NEWS AND DATES

We are pleased to report that The Friendly Home's building project is moving along on schedule:

- *The Memory Care Center and Porter Place* will be completed on April 16.
- *Member moves will take place on April 19 and April 20.* Members and families who will be impacted by this move have already been contacted.
- The *Beauty Shop on the lower level will be closed as of Friday, April 2.* On April 21, the new Beauty Shop will be opening on the first floor of The Friendly Home. In the interim, services will be provided in the bath suites on Lindsay Place and Morgan Place. You may call the Beauty Shop at 385-0260 or check with your unit secretary to schedule an appointment.
- The *Medical & Dental suite in the lower level will be closed as of Friday, April 9.* Service will resume in the brand new Medical & Dental Suite on the first floor of the building on April 26.
- *A new stairwell connecting Lindsay Place and Morgan Place will open April 13.*
- *Also on April 13, two new lounge areas will be open*—one on the first floor between the existing building and Lindsay Place, and one on the second floor between Morgan Place and Selden Place. We hope you enjoy these two new comfortable and pleasant visiting areas!

WHAT'S NEXT....

From late April through June, the focus of the renovation project will be on completing Selden Place on the second floor.

Following the completion of Selden Place, much of the work will shift toward non-Member areas in the lower level of the building and in the "old" Transitional Care Center, which will be converted to office space. The Friendly Home will continue to communicate with Members and families about the impact of the project as work progresses.

Sincere thanks to all of our Members, families, visitors and volunteers for your patience during The Friendly Home's building project!
